**The College of New Jersey does not promote any specific company; we simply inform you of the service they provide. Most applicants applying for freshman admission will need a document-by-document or a general report evaluation of your secondary transcript. All students applying for transfer admission in addition to the document-by-document evaluation will need a course-by-course evaluation converted to U.S. credits and grades for any college or university transcripts. All foreign institutions must have the equivalent to regional accreditation in the United States.**
